Art Unit: 3722

1. The following is an examiner's statement of reasons for allowance: Regarding claim 1, Fried 3,017,791 is representative of the closest art of record. Blade 85 has a notch 87 which might be considered as a clip, but it lacks, and there is no suggestion to provide it with, the ability to flex to provide the spring-like force of claim 1. Regarding claim 14, Cogsdill 3,166,958 is representative of the closest art of record. Blade 15 has a fulcrum 23 about which it pivots. Spring 28 could be considered as a cradle, but it does not adjust the distance that the head of the blade projects from the arbor, as required by claim 14. Further, the blade 15 is not resiliently yieldable as set forth in claim 14, and it can not be made so, as the blade must be rigid in order to pivot about fulcrum 23.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

2. Claims 1-22 are allowed.

3. Any inquiry concerning the content of this communication from the examiner should be directed to Daniel Howell, whose telephone number is 571-272-4478. The examiner's office hours are typically about 10 am until 6:30 pm, Monday through Friday. The examiner's supervisor, Derris Banks, may be reached at 571-272-4419.

In order to reduce pendency and avoid potential delays, Group 3720 is encouraging FAXing of responses to Office actions directly into the Group at FAX number to 571-273-8300. This practice may be used for filing papers not requiring a fee. It may also be used for filing papers which require a fee by applicants who authorize charges to a USPTO deposit account. Please identify Examiner Daniel Howell of Art Unit 3722 at the top of your cover sheet.
